Dear Sir/Madam,

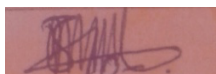

REF: APPLICATION FOR INFORMATION TECHNOLOGY INTERNSHIP.

With much gratitude and love, I would like to extend my regards to your office in the name of the Almighty. I hereby apply for the above mentioned request.

I am a student of Information Technology in Uganda Christian University, am in first year and now going to second year in September, a south Sudanese by nationality. I have chosen your organization with much love and gratitude to do my internship from because I believe it's the right place for me. I shall do it for the four months of my holiday, and as soon as you grant me the chance. I would like to specialize in the field of System Administration. This internship is not requested by the university yet, but I just want to keep myself busy than doing nothing over the holiday. I shall also do my second year internship with you when the university requests me to.

I look forward to hear from you. You can reach me on kdnbeatrice@gmail.com or +256781119347, +256755071830, +211955078105. Thanks.

Yours faithfully,

Beatrice Kiden Alex
